The following information is kept in the electronic record: appeal log number, the category (nature/subject) of the appeal, institutional log numbers, inmate's name and CDCR number, the institution where the appeal arose, the date that the appeal is received and closed, and the final

- 3. The inmate-appeal records are made at or near the time that the inmate grievances are investigated and decided, and they are made by a person with knowledge of the matters addressed, or according to information provided by a person with knowledge of those matters. These appeal records are made and kept in the course of regularly conducted activity, as a regular practice.
- 4. A search of the computerized system has been conducted for inmate Michael Lynn Waters, CDCR No. P-16171. A true and correct copy of the Director's Level appeals print-out for Michael Lynn Waters is attached as Exhibit A.
- 5. The record indicates that the Director's Level of Review received six appeals from inmate Waters after March 6, 2006, and September 11, 2007. One of these appeals was accepted for Director's Level review. This appeal originated from Pelican Bay State Prison, and has the following institutional log number: 07-00872.
- 6. Inmate appeal number 07-00872 was received at the Director's Level on May 31, 2007, and is related to Waters's request for an MRI due to an alleged brain injury and subsequent coma that Waters suffered at age eight or nine. This inmate appeal was denied on August 27, 2007. A true and correct copy of appeal number 07-00872 and related documents are attached as Exhibit B.

145 Case No.: 0615818

Local Log No.: PBSP 07-00872

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner J. Stocker, Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

- I APPELLANT'S ARGUMENT: It is the appellant's position that his mental health clinician refused to accept that a 30-year-old head injury could cause him to see "burning things." He objects to being disciplined for having mental health issues and he provides with his CDC Form 602, Immate/Parolee Appeal Form a copy of a CDC Form 115, Rules Violation Report (RVR) for Possession of an Inmate-Manufactured Weapon, dated April 19, 2004, Log #03-H-0404-045. The RVR included the appellant's surreader of a weapon and statement, "I just feel like I want to hurt somebody." He requests to have a magnetic resonance imaging (MRI) of his head and to receive a monetary award from Dr. Jain.
- II SECOND LEVEL'S DECISION: The reviewer found that Dr. Jain informed the appellant on March 5, 2007, that a brain MRI is not medically indicated. The appellant is being treated for his mental health and physical medical needs. The appellant is not being punished for "what he saw," The appellant is encouraged to take the medication that is prescribed for his physical and mental health issues.
- III DIRECTOR'S LEVEL DECISION: Appeal is denied.
 - A. FINDINGS: The RVR that the appellant submits with his appeal indicates a serious possession of a weapon that was adjudicated in a due process hearing in 2004. There is no apparent substantiation to the appellant's claim of punishment for the visions that he sees. It is apparent that the appellant has been examined by licensed mental health clinicians for the complaints that he describes. He has been treated in accordance with the professional judgments of the clinicians. There is no avenue in the inmate appeals process to award monetary compensation.
 - B. BASIS FOR THE DECISION:

California Code of Regulations, Title 15, Section: 3350, 3350.1, 3354, 3360, 3361

C. ORDER: No changes or modifications are required by the institution.

WATERS, P-16171 CASE NO. 0515818 PAGE 2

This decision exhausts the administrative remedy available to the appellant within CDCR. If dissertisfied, the appellant may forward this issue to the California Victims Compensation and Government Claims Board, (formerly known as the State Board of Control), Government Claims Unit, P.O. Box 3035, Sacramento, CA 95812-3035, for further review.

You may appeal any policy, action or decision which has a significant adverse affect upon you. With the exception of Seriols CDE 1 152 Classification committee actions, and classification and staff representative decisions, you must first informally seek relief through discussion with the appropriate staff member, who will sign your form and state what action was taken. If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

ECOND LEVEL APPEAL RESPONS.

RE: PELICAN BAY STATE PRISON

Appeal Log: PBSP-IA-18-2007-00443

Inmate: WATERS, P-16171

Maureen McLean, FNP, Health Care Manager at Pelican Bay State Prison (PBSP) reviewed this matter. Joseph Kravitz, Correctional Counselor II, conducted the Appeal at the Second Level of Review on May 8, 2007.

APPEAL ISSUE: You filed a CDC 602 on March 19, 2007, requesting an MRI due to a brain injury and subsequent coma you suffered at age eight or nine. You state the older you get the worse off you are becoming and that your head injury causes you to see things. On March 20,2 007, RN A. Flowers denied your informal level appeal stating that Dr. Jain advised you that she needed to review your medical history before making a decision regarding your request for an MRI. You state on March 20, 2007, at the formal level, that Ms. Flowers can't answer this 602 for Dr. Jain and that this is a mental health issue for which you are going to speak with Dr. Van Osdel. On March 5, 2007, Dr. Jain saw you and indicated that an MRI of the brain is not medically indicated, as there is no mention of any medical problem in your records and also that you are not experiencing any symptoms. She suggested you discuss your issues with a psychiatrist and stated that you had an upcoming appointment with the psychiatrist. She suggested you return to the clinic as needed for your medical needs.

FINDINGS: A review of your appeal, including staff's efforts to resolve the appeal at the informal level and at the first formal level, together with your responses, has been completed. All submitted documentation and supporting arguments of the appellant have been considered.

I, M. McLean, FNP, Health Care Manager, was assigned to investigate your allegations. J. Kravitz, CCII, reviewed your appeal and responses on May 8, 2007. You requested a Second Level Review on April 22, 2007, stating that the exhibits attached to your appeal clearly show that you were punished because of what you saw and that you are still seeing burning things and you want to know what will happen if you see these things and you get hurt trying to run from them. You are currently being treated for your mental health issues in addition to being followed by the medical department for your physical issues. You have presented no information to substantiate your claim that you are being punished because of what you saw. Your primary care provider is of the opinion that an MRI is not indicated based on your physical symptoms or lack there of. Your mental health case manager is following you regularly and you are encouraged to discuss your issues with him. Your psychiatrist is treating you for your obsessive-compulsive disorder as well as your psychosis. You are encouraged to take your medication as prescribed for both your physical and mental health issues. Your request for an MRI is denied based on the lack of medical need. This concludes the review of this appeal at the second level.

DECISION: The Appeal is Dealed.

The appellant is advised that this issue may be submitted for a Director's Level of Review, if desired.
